Law Enforcement Efficacy Survey

Wave 1

THP Law Enforcement Formula:

3600mg Broad Spectrum CBD
+
1800mg Full Spectrum Muscle Gel

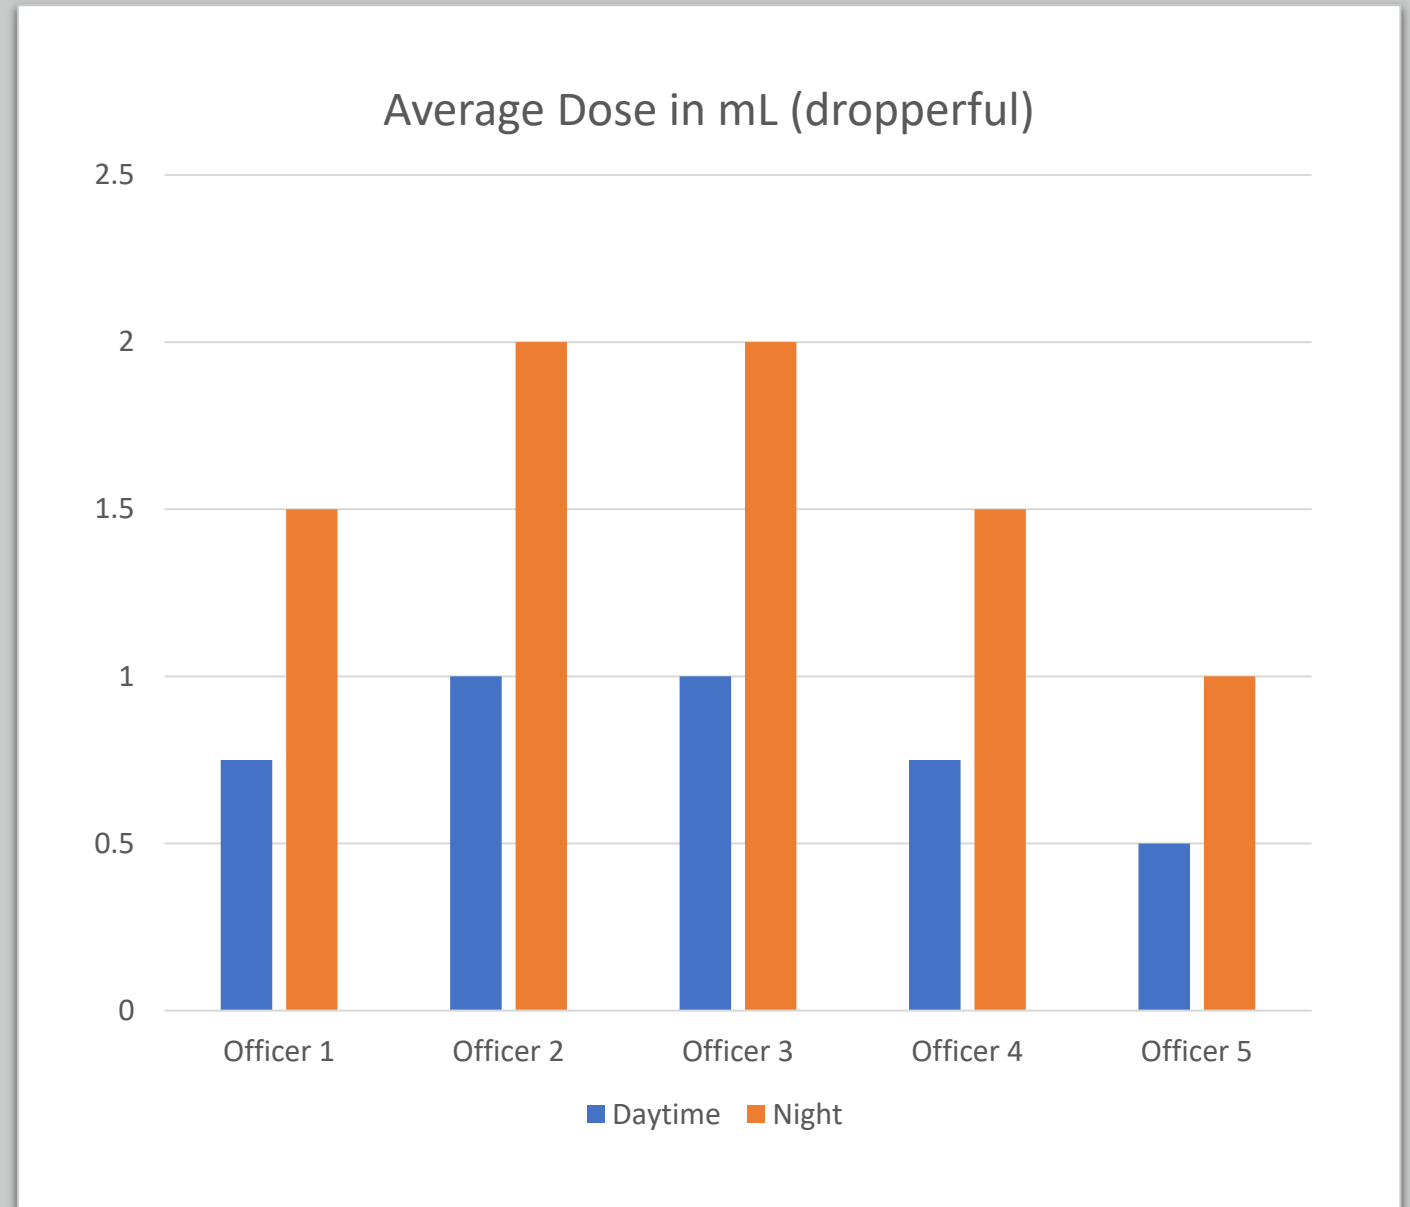

- Average time in Law Enforcement for participants: 16.2 years
- Significant job-related symptoms were reported at baseline, impacting Quality of Life and Productivity
- THP 3600mg CBD L.E. Tinctures were confirmed 0.00% THC by two independent labs before initiation
- THP L.E. 3600mg CBD and 1800mg CBD Muscle Gel were taken at least twice daily for a minimum of 30 days
- Negative 5-panel drug tests were taken before taking CBD and after 30 days of daily use

Average dose (3600mg bottle):

- **Average frequency per day:** twice per day
- **Average daytime dose:** .8 dropperful (.8 mL)
- **Average nighttime dose:** 1.6 dropperful (1.6 mL)

**twice the daytime dose is often taken at night for sleep*

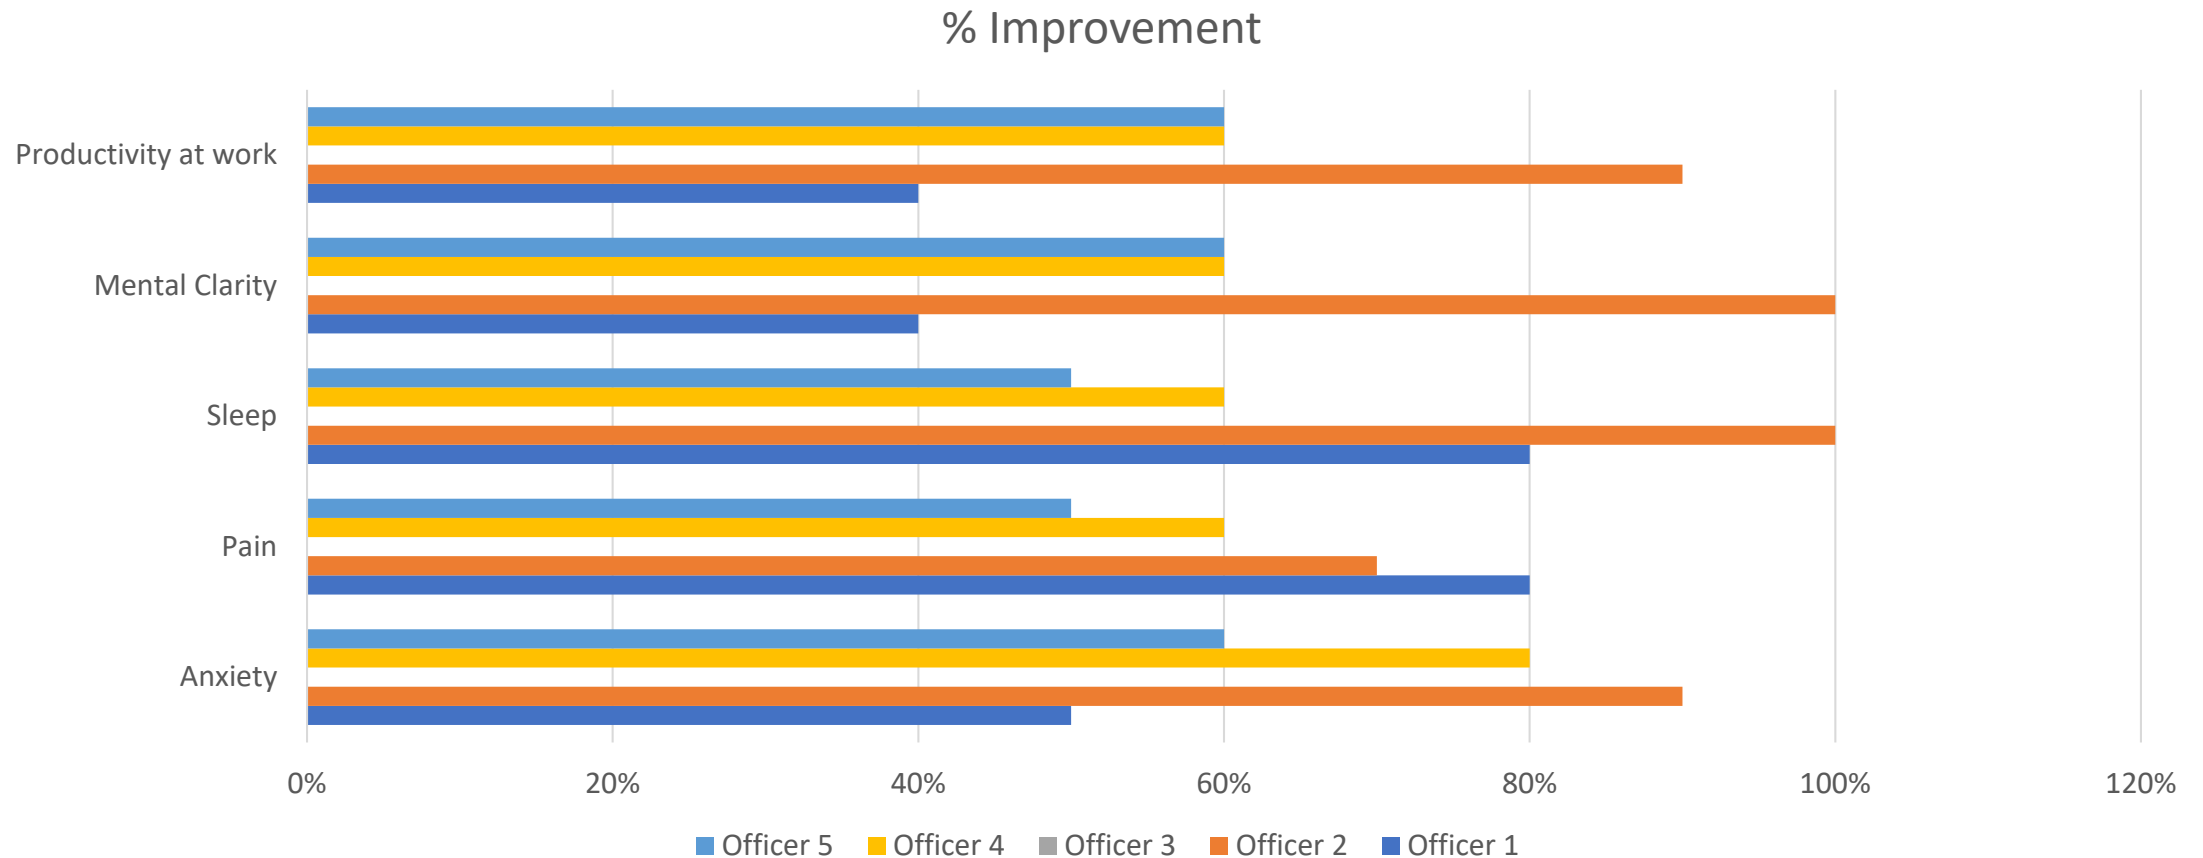

**CBD can be stimulating at lower doses and assist with sleep at higher doses*

Significant Improvement in 4 out of 5 active L.E. Officers

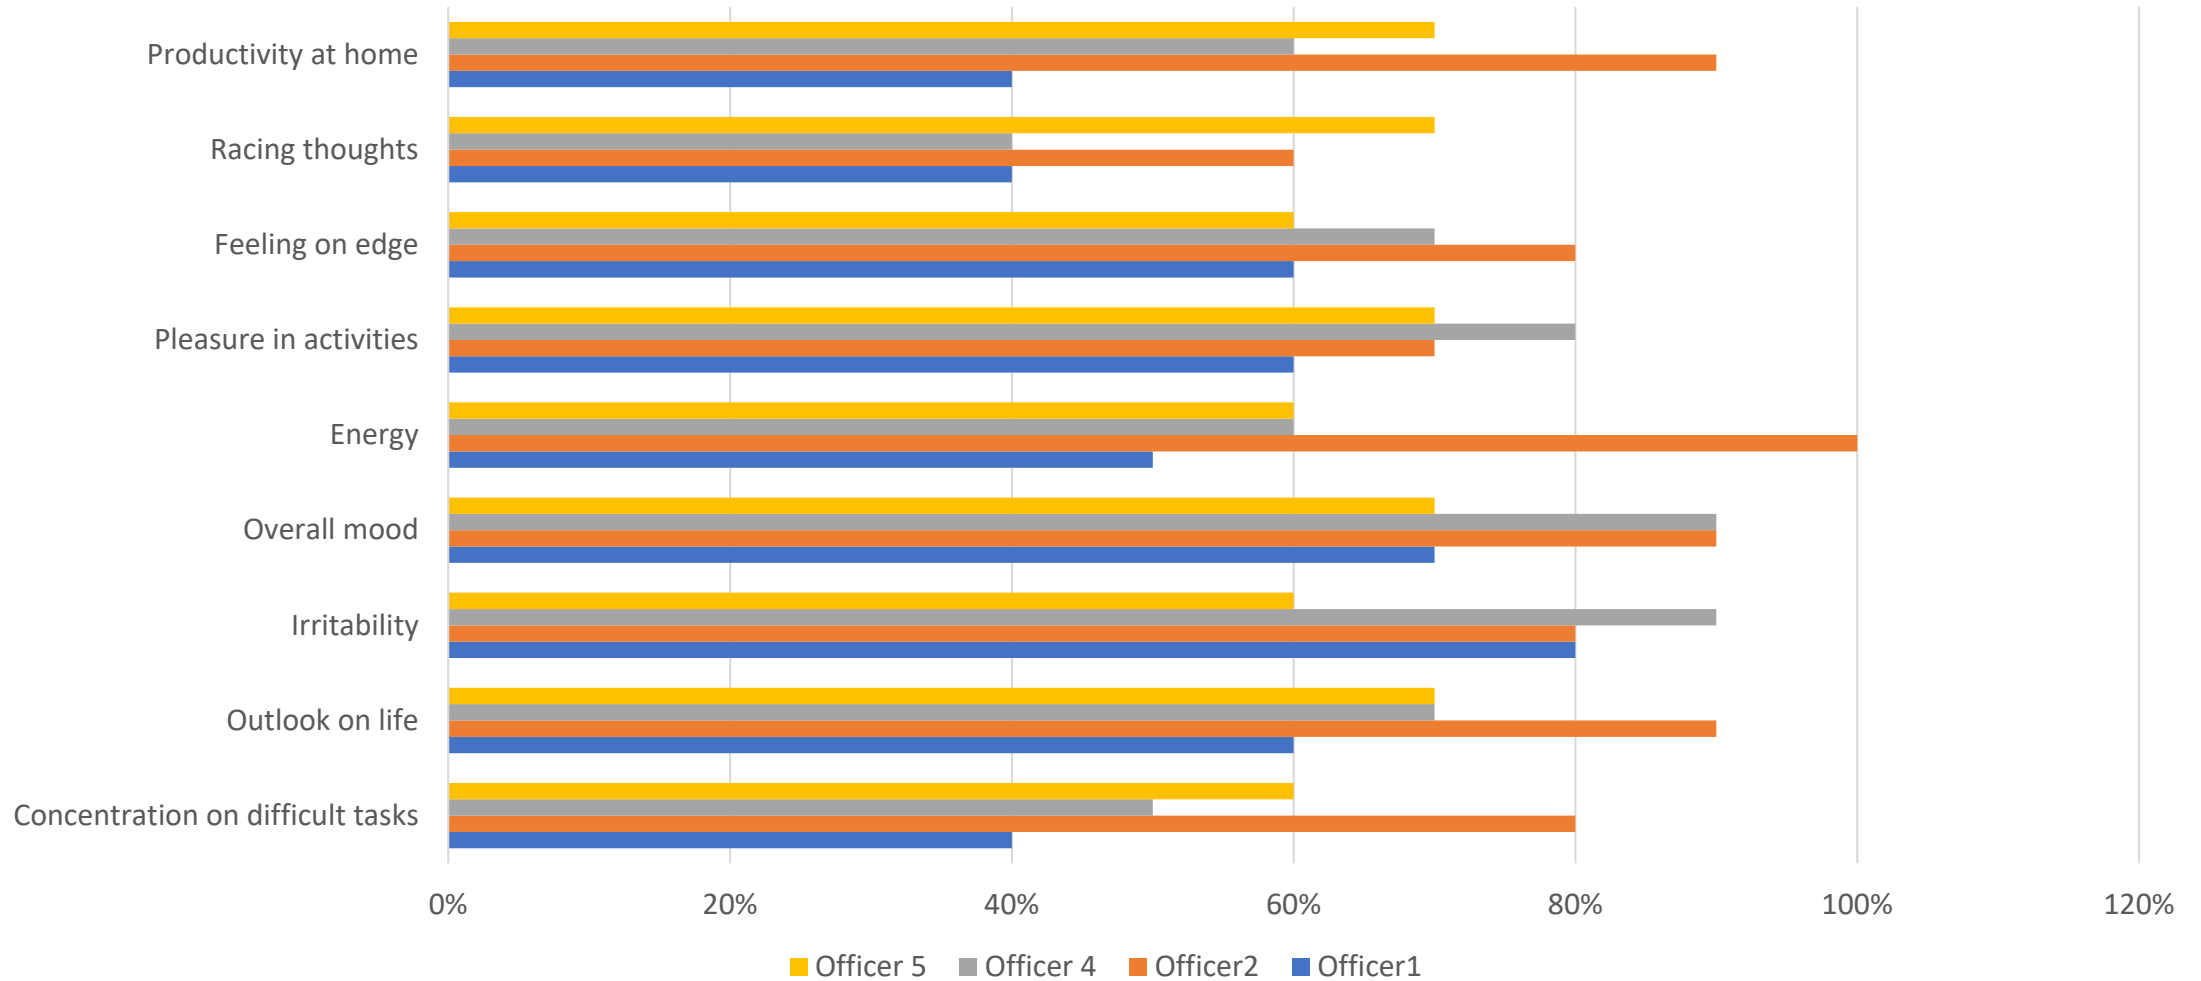

Average improvement for responders:

- Anxiety: 70%
- Pain: 65%
- Sleep: 73%
- Mental Clarity: 65%
- Productivity at work: 63%

Productivity and Quality of Life in Responders

Participant Response:

What is your review of the THP L.E. Formula CBD?

“THP LE Formula has brought me to a place I never thought I would be. I have quality sleep again, energy that lasts into the evening, and clarity of mind I never thought was achievable. THP gave me a happier life.”

-Officer B.A.J.: 21 years in law enforcement. Experience includes SWAT Sniper, Vice, Gang Task force, FTO & Patrol

“I work out a lot and have aches and pains constantly. This has definitely made them less irritating and made me more comfortable. I would recommend this to anyone for reducing pain and anxiety”

-Officer Z.M.: 18 years in law enforcement. Experience includes SWAT, Patrol, Training Unit

“It has definitely helped with anxiety and overall mood”

-Officer E.K.: 17 years in law enforcement. Experience includes Patrol, FTO, SWAT, Gang Task Force, & Training Unit

Participant Response:

What is your review of the THP L.E. Formula CBD?

“I was skeptical on if I would feel better with CBD. I have tried creams, rubs and ointments for years to no avail. And, due to my sworn status, I cannot have THC in my system. Within days of taking the THP Law Enforcement Formula CBD, I was sleeping more restful and deeper, never waking up groggy or hung over. After about 9 days, my chronic aches and pains slowly faded in intensity. Some are not bothering me at all anymore. I personally took two drug tests, before starting and after 30 days. I was happy to see that I was negative for any drugs after using the product daily. I am a true believer of the benefits for this job and would recommend THP L.E. CBD use for anyone that wants to feel better from chronic aches and pains and to sleep better.”

-Officer C.P.: 15 years in law enforcement. Experience includes US Army Infantry Veteran with two combat tours, Undercover Narcotics Agent, FTO, Lead Defensive Tactics Instructor, 50+ physical altercations and 3 close quarters shootings

Participant Response:

What comments or recommendations do you have for your colleagues?

“Find the correct dose and stay with it. It took 2 weeks of constant use and my pain subsided”

“Be consistent with taking and ask the people around if they notice a change in you. Sometimes we do not pay enough attention to ourselves to notice the change in mood, until others point it out.”

“Start small and work into it. Have patience and after a week or so, you will start feeling the results.”

“At least try it. I was skeptical but am definitely glad I gave it a try”

Participant Response:

When additional help sleeping was needed, beyond CBD, did the THP L.E. Sleep Formula provide that?

“It works great for sleep! If I feel kind of tired, I just take CBD alone. If I need to get up early and I know I’m going to have trouble getting to sleep, I take the Sleep Formula. Twenty to thirty minutes later, I’m sleeping”

“It definitely puts me to sleep quick, but CBD alone works well for me. That’s all I need.”

“It works great!”

“I’ve used the sleep formula for 3 nights now and it has helped even more than the regular THP Formula”

“I took 1.5 dropperfuls and was a little groggy the next morning for about an hour. I’m thinking 1 will work. Slept really good and the grogginess wasn’t bad.”
